Press Release
Paris Air Show 2011,
Tuesday June 21, 2011, 10:00am

Paris France, June 21, 2011 – Noranco Inc., a leading Canadian manufacturer of structural, landing gear and avionics components for the global aerospace industry is pleased to announce the signing of a new multi-million five year agreement with Goodrich Landing Gear worth approximately $3.1 million annually through 2015.

Under the terms of the agreement, Noranco’s Woodbridge division will produce complex landing gear components, including toe fittings, drag braces, steering mechanisms and spindle assemblies for the Boeing 747-8 landing gear, manufactured in Oakville Ontario, Canada. Production rates are expected to range between two and three aircraft per month commencing in 2012.

This award further advances Noranco’s status as a strategic supplier to Goodrich Landing Gear. We are very pleased to be partnered with them on this fantastic commercial aircraft platform” commented Noranco President, David Camilleri.
