

NORANCO – DEER VALLEY PURCHASE ORDER QUALITY AND DELIVERY CLAUSES

1 Customer Requirements

PCC Deer Valley purchase orders containing NORW-054 indicate that the supplier must comply with the latest revision of the following customer quality specifications as applicable: UTC-ASQR-01, UTAS- SCM-PRO-0003, Honeywell SPOC Manual sections 1.0, 2.0, 3.0, SPOC's 100, 140, 142, 163, 418, 419, Woodward: WPQR-9100 and 2-OF-00991, or any other customer quality specification appearing on the purchase order. Access to these quality documents can be obtained by contacting your buyer.

2 Delivery

PCC Deer Valley tracks quality and delivery performance of its suppliers. On time delivery is determined by the due date on the purchase order line item and IAW NORW-054.

To be considered on-time, shipments must be delivered:

Domestic shipments: 5 calendar days early / 0 day late

International shipments: 14 calendar days early / 0 day late

Note: This document is intended to define the Special Supplier requirements for this PCC Aerostructures site and is in addition to the Supplier Quality Requirements document SQR10000 as referenced on the Purchase Order and posted on the website at pccaero.com/suppliers.
